FOREWORD

By the Rt. Hon. the Earl of Iveagh K.G., C.B., C.M.G.

•

Wherever people congregate to talk, they will argue, and sometimes the joy lies in the arguing and would be lost if there were any definite answer. But more often the argument takes place on a dispute of fact, and it can be very exasperating if there is no immediate means of settling the argument. Who was the first to swim the Channel? Where is England's deepest well, or Scotland's highest tree, or Ireland's oldest church? How many died in history's worst rail crash? Who gained the biggest majority in Parliament? What is the highest point in our county? What is the greatest weight a man has ever lifted? And so on. How much heat these innocent questions can raise! Guinness in producing this book hopes that it may assist in resolving many such disputes, and may, we hope, turn heat into light.

Važnije je od koga
nego od čega.

1. od korisnika i njegovih potreba.
2. od sebe i svojih mogućnosti.
